

December 2013- Vol. 38

*Tumpline Ministries Mission Team joins the students at the Presbyterian Church in Volos, January 2013*

### Merry Christmas!!!

People tell me I have a great retirement job. I agree, the Lord has blessed me. There is no down side to planning trips, the challenge of working out trip logistics, promoting the various adventures, working with young people – especially young Christians, sitting by a campfire reading Scripture and telling others about the wonderful life available because of the sacrifice our Lord made for those who believe in Him!! Well... 2013 proved to be another great year! It started of with a great mission trip from Grove City College to Greece and ended in a deep wilderness canoe trip in Labrador Canada. Interspersed was a canoe trip, fishing trip, and a backpacking trip to the Bob Marshall Wilderness in Montana. Not too shabby!!

*Hikin' at the "Bob" in Montana*

*Two more generations of canoeists!*

Next year, Lord willing, will prove to be another great year. I have several unique trips planned. Some for the hearty adventurer and some for the timid member of your family. More on those trips in January.

To all of you who read our newsletter , pray for this ministry, financially support us and for you who have even ventured out with us.....Thank you very much. We couldn't do it without you!!

In His service,  
*Dan and Jan*
