

# The Chile Chico

April 2014 - Vol. 39

*Mt. Fitz Roy, Argentina – one of many destinations on our featured trip in November, 2014*

This is the time of year most families are planning their summer vacation. Many of you are planning exciting adventure to some new location. If you are looking for a different kind of vacation, consider one of the Tumpline Ministries trips. We offer an affordable, exciting trip with a decidedly Christian flavor. This summer there are still openings for our two day horseback trip in the Allegheny National Forest, our five day bicycle trip along the beautiful

Lake Michigan shore line, and the ever famous French River canoe trip in Ontario. All these trips are family friendly and affordable. Check out the website for details!

Please keep this ministry in your prayers, that we would be safe on all these adventures and that the Gospel will go out. We appreciate your prayerful support!

In His service,

*Dan and Jan*
